THE ARTIST

LATIN / REGGAETON / DANCEHALL / HIPHOP+ / OPEN FORMAT

DJ Erick Familia grew up with Latin music. It is not a trend in his sets - it is his foundation. Dominican roots shaped his ear for rhythm, energy and connection; Italy is where he became a DJ and developed his career. Today, he brings that experience to dancefloors across Switzerland.

His sets move naturally between Latin, Reggaeton, Dancehall, HipHop+ and Open Format. The approach is simple: understand the room, build momentum and make the moment land.
